In New York Society

Beautiful Women of the "400" Who Have Luxuriant Hair.

In gay New York, where women get their ideas from their sisters abroad, the hair tonic called Parisian Sage is in great demand.

A great scientist, undoubtedly one of the most eminent hair specialists in the world is the discoverer of Parisian Sage. He claims most emphatically that it is the only hair preparation that will kill the persistent dandruff germs. At any rate, the Gironx Mfg. Co., sole manufacturers of Parisian Sage in the United States, give through their agent, Kelly & Pollard, this money back guarantee, which is no doubt strong enough and plain enough to please the most exacting.

"We guarantee Parisian Sage to cure dandruff in two weeks; to stop falling hair; to make dull, lifeless and colorless hair beautiful and luxuriant; to cure all itching diseases of the scalp, or money back."

The price is only 50 cents a large bottle at Kelly & Pollard's or by express, all charges prepaid, from Gironx Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every bottle.

SIDNEY BIBER IS NOW AFTER A NEW JOB

Senator Opposes His Appointment to a Customs Collectorship, but Taft is Firm in His Belief.

There was considerable fluctuation in Sidney Biber, preferred, on the senate staff exchange, says the Washington Herald.

For a while it looked as though he would never get the Georgetown collectorship, but before the day was over an entirely new face had been put upon the matter.

About 1 o'clock in the afternoon president Taft withdrew from the senate Mr. Biber's nomination to be collector of customs for the port of Georgetown. This was taken to mean that the president had become satisfied that the opposition to Mr. Biber would prevent his confirmation at this session.

There was much gossip about it at the capitol. One report was that senator Bourne of Oregon, who has voiced the principal objections to Mr. Biber, was willing to withdraw his objections and permit the confirmation of senator Clark, who on one occasion roundly denounced Mr. Biber on the floor of the senate, would equally as publicly withdraw the remarks he had made about him. This senator Clark, it is said, declined to do, although he was quoted as having said that he would not oppose Mr. Biber's confirmation.

Just when speculation was at its height word came from the white house about 4 o'clock, withdrawing the withdrawal. This left Mr. Biber's nomination still pending before the senate, where it was first sent on March 5.

Sidney Biber, to whom reference is made in the foregoing spent some time in El Paso a couple of years ago and was at various times candidate for the postoffice in El Paso, governorship of New Mexico and something or other in Arizona. He is ex-fire marshal of Washington, D. C.

S.S.S. CURES BLOOD POISON

Contagious Blood Poison is the most powerful and destructive of all blood disorders. It corrupts and vitiates the entire circulation and manifests itself in the most hateful and loathsome symptoms, such as ulcerated mouth and throat, copper-colored spots, and even sores and ulcers on different parts of the body. The poison causes the hair and eyebrows to fall out, and sometimes the finger nails come off and the entire glandular system is attacked. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the insidious virus. The least taint left in the blood will break out afresh, when treatment is left off. S. S. S. is the real and certain cure; it goes into the blood and by removing every particle of the poison, and adding rich, healthy qualities to the circulation, forever cures this powerful disease. All who suffer with Contagious Blood Poison may cure themselves in the privacy of their own homes by using S. S. S., and following instructions contained in our Home Treatment Book, which which we will send, together with any medical advice desired, free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
